The ICR Edge™ *Bringing Excellence to Automation*

Intelligent Engineering

Capturing opportunities for manufacturers through IIoT principles with advanced solutions.

Precision Electronic & Mechanical Repairs

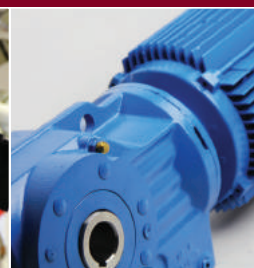

In-house specialized testing, OEM Authorization & In-service warranty.

Retrofit Solutions & Upgrades

Restoring industrial controls with custom upgrades & retrofits to extend product lifecycles.

Programming, Training & Field Service

Customized solutions with industry-leading safety & specialized technical staffing.

Contact us for an assessment of your automated controls process. If there's a better way, we can bring it to your operation.
